## MURAL TEMPLATE

Visualize data flows and behaviors to explain complex processes

## Data Flow Diagram

a template brought to you by your friends at MURAL

## INSTRUCTIONS

- Define the process you want to visualize, or use a pre-existing one
- Develop the data flow by using the shapes and connectors in the key
- Adjust and fine tune the data flow
- Review the data flow
- 5 Next Steps

Add labels to connectors double click on the line or choose the "+T"
